

Name : ABDALQADER H. ABUETA

Mechatronics Engineering Student | Medical & Smart
Systems Enthusiast.

 Gaza, Palestine |  +972 59 463 9999

 aboodxxxc@gmail.com |

 [linkedin.com/in/abdalqader-h-abueta-71a189360](https://www.linkedin.com/in/abdalqader-h-abueta-71a189360)

.PROFESSIONAL SUMMARY

Motivated Mechatronics Engineering student with a strong technical foundation in automation, embedded systems, and mobile app development (Flutter). Experienced in electronics maintenance and solar energy systems. Passionate about merging mechanical engineering with AI-driven solutions to build the next generation of smart medical systems.

.EDUCATION

Bachelor of Science in Mechatronics Engineering
Al-Azhar University – Gaza* | Expected 2028

.TECHNICAL SKILLS

Engineering & Design: SolidWorks, AutoCAD, AI-assisted Design.

Programming: Python, C++, MATLAB, Flutter (Mobile Development).

Control & Electronics: Arduino, Embedded Systems, PLC Basics, Circuit Repair.

Design Tools: Adobe Photoshop, Adobe Illustrator.

.PROFESSIONAL EXPERIENCE

Assistant Trainer – Arduino Courses for Tech From Palestine Foundation

Mentored youth in microcontroller programming and hardware integration.

Facilitated hands-on lab sessions for building smart robotics projects.

Solar Energy Systems Technician Installed and configured PV solar systems, ensuring optimal performance.

Conducted system maintenance and electrical troubleshooting.

Electronics Maintenance Technician Diagnosed and repaired complex electronic boards and consumer devices.

* Enhanced skills in component-level troubleshooting.

Automotive Mechanics Assistant Assisted in mechanical diagnostics and repair for vehicle systems.

.COURSES & CERTIFICATIONS

Flutter Mobile Application Development

AutoCAD for Engineering Design

AI Design Tools & Applications
Graphic Design (Photoshop & Illustrator)

.LANGUAGES

Arabic: Native

English: B2 (Upper-Intermediate)
